Made in Europe

Tip jars
Black

Description:

The new wooden display lets your tip jars float and makes them a highlight on your counter!

3 of our tip tubes fit into the stand made of reclaimed wood, regardless of whether they are made of stainless steel, black, titanium or pastel look.

Made from reclaimed wood and lovingly handcrafted, it enhances any facility. And the whole thing as an upcycling product is absolutely sustainable! Slight differences in color and structure are in the nature of things and make each copy unique - your unique piece!

Contains 3 black matte tip jars, with screw-on cap, rubber feet provide good grip.
